The Friendly Guides

NEW

A Friendly Guide to The Birth of Jesus
\$24.95 - S \$21.21 - 9781925073379

The birth of Jesus is one of the best-known stories in the Gospels, and yet often adults do not think about or read the text as adults. They carry with them childhood memories that may be inaccurate, according to the text, and miss the deep theological purpose of these two narratives. If we only read the “surface” story of the nativity, we fail to understand the rich introductions to the person and ministry of the adult Jesus. In our latest and timely *Friendly Guide*, **Mary Coloe** takes you beneath the surface to come to a deeper appreciation of *The Birth of Jesus*.

Discover the complete series!

Ideal introductions to theology and the Christian faith, these *Friendly Guides* are perfect for parishioners, parish study groups, teachers, students and parish and school communities.
