Catholic Education in Australia

Mission and Education Series

Arising from the BBI – The Australian Institute for Theological Education’s Mission and Education Project, this series of ever expanding books are ideal for leaders in Catholic education. Explore aspects of contemporary Catholic Education in the light of the Church’s official teaching on mission, and discover insights from those who attempt to embrace this mission in their personal and professional lives.

In *Now with Enthusiasm*, **NEW FOR 2018** and the sixth volume of the *Mission and Education* series, **Michael Green** argues, that the spiritual families of the Church offer Catholic schools, and the Church more generally, compelling and fruitful ways to capture the hearts of students and teachers for God’s mission. He understands this as the Spirit at work.

Now with Enthusiasm explores the challenges and opportunities that emerging contexts provide for old paradigms, and what needs to change.

The birth of Jesus is one of the best-known stories in the Gospels, and yet often adults do not think about or read the text as adults. They carry with them childhood memories that may be inaccurate, according to the text, and miss the deep theological purpose of these two narratives. If we only read the "surface" story of the nativity, we fail to understand the rich introductions to the person and ministry of the adult Jesus.

LENT *New for 2019 - Garratt Publishing's contemporary Lenten study.*

**All I Have is Yours
Forty Days to Freedom**

The forty days of Lent prepare us to celebrate again the death and resurrection of Jesus, the heart of our faith and the source of our freedom. Throughout that time we too pray for the kind of freedom that allows God to work in our lives and the world.

Author, **Michael McGirr**, asks us to consider that choosing what we do in our lives is really about choosing the kind of people we want to be. His selection of Gospel readings, prayers and personal reflections are underpinned by commentary that questions and prompts the reader, offering a Lenten program that will nourish and encourage important conversation.

Inspiring photography and design enhance the reflections and highlight key teaching points and question prompts.

The Make Jesus Real Community

My Friend Jesus

RRP \$19.95 - Sophia \$16.96 - 9781925073416

Make Jesus Real (MJR) is centred on the belief that we are the image of Jesus to all those around us. We are his representatives and our actions should reflect his values. This book, *My Friend Jesus*, is a pastoral resource aimed at early readers from Prep to Grade 2 as an introduction to the *Make Jesus Real* series and its philosophy and MJR way of life.

MJR can be incorporated into our everyday life at our schools through the use of basic manners, a positive attitude, showing tolerance towards others, giving time for reflection and using encouraging language to highlight the behaviours, values and attitudes that we want to see in our students.

The idea of bringing Jesus from 2,000 years ago into the here and now of today is very relevant. Young children need to understand these concepts in a simple way and *My Friend Jesus* does that in a very real manner, allowing the children to relate to the message that it portrays.

Spirit of Jesus invites children to actively make sense of their Catholic identity through everyday exchanges at home and at school – to see the gospel values in their lived experience. This approach enables students to grow a meaningful commitment to their faith, in the belief that the Spirit of Jesus is with them every day.

Spirit of Jesus, like *Make Jesus Real* (the Grade 5 and 6 workbook) is a book for life – one that students can refer to in years to come.

Pope Francis
"We humans, according to the Bible, must take our place within creation, not stand outside it in a superior position. If we have a view of human life that claims we are better or more important than the rest of creation, the Catechism teaches that every created animal or plant reflects the face of God."
